SKILLS

- C
- HTML
- YOLO
- C++
- CSS
- CV
- Python
- JavaScript

PROFESSIONAL EXPERIENCE

- **Ecubix / Valuce Chain Solutions**

May 2024 - July 2024

Data science Intern

Completed a data science internship focused on image and video processing. Trained and deployed YOLO models for object detection, optimizing accuracy and real-time performance. Streamlined data pipelines for efficient preprocessing and model deployment.

- **Manav Seva Trust**

May 2023 - June 2023

Social Civic Internship

Assisted in planning and executing initiatives to provide free medication to underprivileged communities during a social and civic internship with an NGO. Coordinated outreach efforts, ensured timely delivery of resources, and maintained records to track distribution and impact.

- **G-20 Skill Shala**

September 2023

Speaker for awareness

Served as a speaker during G20 awareness initiatives, educating school children about its significance and objectives. Delivered engaging sessions to inspire global awareness, foster understanding, and encourage active participation in global issues among young minds.
